

Theft coverage & total economic loss

Has your bicycle been stolen - the reliable steel horse with which you defy wind and weather every day? Not fun! You had locked up your bicycle though and anchored it to a bicycle stand. But don't worry, with our theft and total economic loss coverage, you can rest assured and quickly choose a new dream bicycle.

1. What is theft coverage?

As the owner of the bicycles, o2o has insured itself against theft and total economic loss, so you as a cyclist need not to worry. Thanks to the theft guarantee, your bicycle is covered in the event of theft and total economic loss. For more details see the Terms of service for theft coverage.

2. When are you covered against theft?

You obviously want to **protect** your new bicycle **from theft** as much as possible. Do you want to be covered in case of theft? Then be sure to pay attention to the following:

- Make sure that **you ALWAYS lock your bicycle** (even if it is in a **confined space**, such as **your own garage**, for example) and that **you anchor your bicycle** to a bike stand or another fixed installation. Only then you can be sure that the bicycle is covered in case it gets stolen. For more info on correctly anchoring your bicycle, see page 6 in the Terms of service for theft.
- In case of theft, you should always be able to return **2 bicycle keys**. This is how you prove that your bicycle was locked. If you only have 1 key, the theft may be refused. Have you lost your bicycle key? Then be sure to take action and follow the instructions under the point 'Lost my bicycle key'.

3. Back on the road with a discount coupon in case of theft

Your bicycle has been stolen. Sorry to hear that! In case of total loss, the contract ends and so does your lease contribution. But don't worry: if you meet all the conditions (see Terms of service, article 2 & 3), o2o will quickly help you on your way to a new lease bicycle with a **Discount Coupon Theft** for a new bicycle contract.

Use your discount coupon to order your new bicycle within 6 months ¹ after the end of your terminated contract. That way, you can enjoy a nice **reduction on the lease price**. Please note that the discount on your new two-wheeler does not exceed the list price of the bicycle and this does not affect the acquisition price. When you [simulate your lease contribution](#) for your new bicycle, this discount is automatically deducted. Super convenient!

The value of this Discount Coupon Theft is the sum of:

- 75% of the paid-off value of the stolen bicycle in case of theft or irreparable damage during the first year of the contract, with a maximum value of the list price of the new bicycle.
- 50% of the paid-off value of the stolen bicycle in case of theft or irreparable damage in the following years of the contract, with a maximum value of the list price of the new bicycle.
- The excess/underspending of the service budget. This amount is the difference between the service budget drawn minus the service budget to which you were entitled, determined pro rata according to the effective term of the bicycle contract.

4. Is a replacement bicycle an option in case of theft?

If the delivery of your new bicycle after a theft takes longer than 3 working days, counting from the declaration of the theft, it is possible to temporarily use a replacement bicycle, provided that the bicycle dealer or Decathlon have a replacement bicycle available. That's reassuring!

Please note: if the conditions are not met and the theft is refused, the full cost of the replacement bicycle will be charged to your personal account.

How to apply for a replacement bicycle? If you meet the conditions (see Terms of service, article 2 & 3), you can request a replacement bicycle. You inform your bicycle dealer or Decathlon, so to enable them to invoice the bicycle at the following conditions.

¹ In case your employer works with a cafeteria plan and you can only order your new bicycle once a year, we can make an exception.

Extra tip: it is best to choose one that matches your current bicycle type. Because the intervention in the cost of the replacement bicycle is limited to a maximum in function of the type of lease bicycle:

- For a non-electric bicycle: a maximum of € 280 excl. VAT over the entire rental period.
- For a normal electric bicycle: a maximum of € 520 excl. VAT over the entire rental period.
- For a speed pedelec: a maximum of € 660 excl. VAT over the entire rental period.

You can use your replacement bicycle for as long as it is needed, but its price should not exceed the maximum amounts mentioned above. If this is the case, an extra charge will be added to your personal account.

Therefore, be sure to ask your bicycle dealer how long the delivery of your new bicycle will take. This way you will not be faced with unpleasant surprises (and costs).

Do you have a replacement bicycle through Decathlon? Then, with the intervention as provided for in the coverage, you can use your replacement bicycle for a maximum of 4 weeks. If you use the Decathlon replacement bicycle for a longer period, you will have to pay the extra costs yourself. More information about [Decathlon's conditions](#) can be found here.

5. Lost my bicycle key or bicycle lock

If you have lost the key to your bicycle lock, report it immediately online via [Police on Web](#) (under Non-urgent declarations). As proof of the online declaration, you will receive a certificate of loss, which you will transfer to o2o via bikeservices@o2o.be.

Besides the online declaration, get a duplicate bicycle key made as soon as possible. You can do this yourself via the lock manufacturer or via your bicycle repair shop. To do this, you need the lock code. You can find this in myo2o Biker under *Your bike(s)* under *Your bike features*. Please also send the proof of purchase to bikeservices@o2o.be.

Have you lost your bicycle lock? Please request a certificate of loss from the police via an online declaration ([Police on web](#)). Please forward this certificate of loss stating the lock code to bikeservices@o2o.be. A new Security lock must be purchased in accordance with the conditions. You should also forward the invoice or proof of purchase mentioning the new lock code to bikeservices@o2o.be.

6. How do I make use of the theft coverage?

Step 1: File a report with the police yourself

Go to the police and have an official police report (pv) drawn up detailing the facts. Make sure to include the following information on the pv:

- The bicycle brand and model;
- The bicycle frame number (!);

- The bicycle lock code;²
- A description of the circumstances, the time, the location, how the bicycle was secured;
- And other relevant information.

Make sure the bicycle frame number is mentioned on the pv. You can find this in myo2o Biker under *Your bike(s)* in the section *Your bike features*.

If information from the theft policy of your o2o bicycle is required, please fill in the following details:

- Name: Ethias NV;
- Contract number: 22.000.084;
- Insurance broker: Vanbreda Risk & Benefits NV, Plantin 297, 2140 Borgerhout.

Do this as soon as possible, at the latest within 2 days after the theft has been established. Reporting bicycle theft can also be done digitally through [Police on Web](#) (under Theft and Damage - File a complaint). You will receive a theft certificate and a copy of the pv from the police. You provide a copy of the pv to schade@vanbreda.be within 5 days counting from the reception of the pv concerned.

Step 2: Report the theft to o2o via myo2o Biker

Once logged into myo2o Biker, go to [the Damage/Theft button](#). After this, you are easily guided through the whole process.

Provide o2o or the expert if appointed with all keys to the bicycle lock and battery.

Step 3: Your file is being handled

Upon receipt and inquiry of your complete claim file, a decision will be made on whether the claim is covered (see the conditions and exclusions under the Service conditions).

- Is the theft covered? Go to step 4.
- Is the theft not covered? Then you will receive an invoice from o2o for compensation for non-compliance. The compensation is calculated according to the rules of early termination of the bicycle contract with takeover of the bicycle.

Step 4: Choose a new bicycle

Once the intervention is completed, the contract ends and so does your lease contribution.

But don't worry! At o2o we'll give you an extra boost in your search for a new bicycle, with a **Discount Coupon Theft** for concluding a new bicycle contract. Let's order!

² See on your bicycle key or in myo2o Biker under *Your bicycle(s)* in the section *Your bicycle features*.

This theft guarantee will be visible as a service in myo2o Biker under *Your Bike(s)* and the *Your services* section.

To benefit from the Theft coverage, the User must always show that the Bicycle was protected against Theft as adequately as possible:

- The Bicycle must always be locked by means of the Security lock mentioned in the Rental quote and also be anchored to a bicycle stand or another fixed installation. The purchase of a Security lock (type ART-2 of security level 10, or a type Hiplok DXC inspection level Solid Secure Diamond) must obligatory be integrated in the Bicycle contract.

In the absence of the above, the Theft will be refused.

The Biker should ensure that the chain lock is secured through the wheel, along the frame as well as to the fixed anchor point. Regardless of where the Bicycle is parked, even within a locked bicycle shed, in one's own garage or home, the Bicycle must always be anchored.

The Bicycle and all Accessories are covered provided that they are stated in the Rental quote of the covered Bicycle and that the Bicycle has been stolen.

Bicycle helmets are also included in the Accessories, as well as permanently mounted bicycle navigation devices or computers (insofar as these are stated in the Rental quote).

The declaration of Theft is double:

- within 2 calendar days in myo2o Biker;
